A high power LED Par in Aluminium housing with 18x10 W RGBW (4-in-1) LEDs. Equipped with DMX in/out for daisy chaining multiple units together. It has preset programs that can be used in stand-alone mode. In the DMX settings there is the choice of a few channel modes with preset colours. The Aluminium housing and double stand make the fixture ideal for rental features, being lightweight and easy to setup.

PRODUCT CODE: MJL-6405-IR
